

Trade Press Release

CAE expands business aviation training footprint with addition of Gulfstream G450/G550 training in London, UK and Dallas, USA

Geneva, Switzerland, May 20, 2013 – (NYSE: CAE; TSX: CAE) – CAE today announced on the eve of the European Business Aviation Conference & Exhibition (EBACE) the launch of Gulfstream G450/G550 training at CAE’s London training centre in Burgess Hill, UK in 2014 and at the CAE Dallas training centre in the United States in late 2013. CAE already offers Gulfstream training in New York, USA; Dubai, UAE; and Shanghai, China.

“We are pleased to continue to expand training resource accessibility and options for our business aircraft clients,” said Rob Lewis, CAE’s Vice President and General Manager, Business Aviation, Helicopter and Maintenance Training. “We want our customers to be able to train anywhere in the world with ease and get the same exceptional quality and experience.”

CAE offers business aviation training on more than 80 different aircraft platforms and operates over 60 full-flight simulators in a global network of ten locations, including Mexico City, Mexico; Amsterdam, Netherlands; São Paulo, Brazil; Melbourne, Australia; Shanghai, China; Dubai, UAE; London, UK; New York, Phoenix, and Dallas, USA.

About CAE

CAE is a global leader in modeling, simulation and training for civil aviation and defence. The company employs approximately 8,000 people at more than 100 sites and training locations in approximately 30 countries. CAE offers civil aviation, military, and helicopter training services in more than 45 locations worldwide and trains approximately 100,000 crewmembers yearly. In addition, the CAE Oxford Aviation Academy offers training to aspiring pilot cadets in 11 CAE-operated flight schools. CAE’s business is diversified, ranging from the sale of simulation products to providing comprehensive services such as training and aviation services, integrated enterprise solutions, in-service support and crew sourcing. The company applies simulation expertise and operational experience to help customers enhance safety, improve efficiency, maintain readiness and solve challenging problems. CAE is leveraging its simulation capabilities in new markets such as healthcare and mining. www.cae.com
