

CAE awarded contract with the Royal Australian Navy to provide agile and innovative platforms and systems training for future mariners

-- CAE Australia to deliver integrated solutions to support naval training transformation --

Sydney, Australia, September 2, 2022 - CAE today announced that CAE Australia Pty Ltd. has been awarded the Platforms and Systems Training Contract (PSTC) by the Royal Australian Navy to deliver improved quality, efficiency, modernisation, and remote capability in training.

Under a 5-year agreement, CAE Australia will support the transformation of future training delivered to mariners across the Canberra Class Landing Helicopter Dock (LHD), Hobart Class Destroyer (DDG), Supply Class Auxiliary Oiler Replenisher (AOR) and Huon Class Minehunter Coastal (MHC). CAE's innovative solution will enable the Royal Australian Navy to accelerate training throughput and enhance delivery of sustainable distributed training - on-site, in port, and at sea.

CAE Australia will leverage the expertise of Australian Industry partners Navantia Australia, UNSW, 3by3 Solutions, and MMCLD to present a diverse, innovative, and enduring enhancement to naval technical training. CAE's training systems integration will align the training program, assets, and operations to ensure 110+ foundation, operator, and maintainer courses are delivered efficiently and effectively, whilst innovation opportunities are explored and developed.

"CAE is humbled by the trust and confidence displayed by the Commonwealth through the award of this contract to transform and deliver training," says Matthew Sibree, Managing Director, Indo-Pacific, CAE Australia Pty Ltd. "The Royal Australian Navy has developed the Navy Mastery Model to shape the process of learning for future mariners, enabling them to achieve competency and to fight and win at sea. CAE is privileged to be contributing to Maritime, Social, and Technical Mastery through the delivery of the Platforms and Systems Training Contract. Together with our team of partners, we are empowering the next generation of mariners through professional training supported by a vision to increase agility and efficiency."

As the prime contractor leading the program, CAE Australia is leveraging experience in training military aircrews and mariners worldwide. CAE currently supports training of the United States Navy in multiple naval aircraft platforms, bridge training for the Littoral Combat Ships, and the US Army Maritime Integrated Training System (MITS).

About CAE

CAE's Defense & Security business unit is at the leading edge of digital innovation, providing training and mission support solutions across multi-domain operations – air, land, maritime, space and cyber. Our training and operational solutions support customers who operate in complex, high-stakes environments where mission readiness and successful outcomes are critical. CAE Defense & Security is the world's leading pure play, platform agnostic training and simulation company serving the global defence market.

At CAE, we equip people in critical roles with the expertise and solutions to create a safer world. As a technology company, we digitalise the physical world, deploying simulation training and critical operations support solutions. Above all else, we empower pilots, airlines, defence and security forces, and healthcare practitioners to perform at their best every day and when the stakes are the highest. Around the globe, we're everywhere customers need us to be with more than 13,000 employees in more than 200 sites and training locations in over 40 countries. CAE represents 75 years of industry firsts—the highest-fidelity flight and mission simulators, surgical manikins, and personalised training programs powered by artificial intelligence. We're investing our time and resources into building the next generation of cutting-edge, digitally immersive training and critical operations solutions while keeping positive environmental, social and governance (ESG) impact at the core of our mission. Today and tomorrow, we'll make sure our customers are ready for the moments that matter.
