

## CAE OneWorld 2021 virtual conference and tradeshow set to debut in February

**Montreal, January 26, 2021** – (NYSE: CAE; TSX: CAE) – CAE today announced that the second edition of the CAE OneWorld virtual conference and tradeshow will start on February 9, 2021. CAE OneWorld 2021 is free to all attendees who register (<https://www.caeoneworld2021.com/>) and will remain online for one month.

“We have created a completely new, interactive and immersive virtual world that aligns perfectly with CAE’s strategy to create digitally immersive solutions for our customers operating in critical, high-stakes market segments,” said Dan Gelston, Group President, Defence & Security, CAE. “CAE OneWorld will be a great opportunity for our customers and stakeholders to learn more about the digital innovations we are bringing to market to address training and mission support across multi-domain operations.”

CAE OneWorld 2021 will feature a keynote address from Marc Parent, CAE’s President and CEO, as well as a fireside chat with Dan Gelston. The following conference presentations and thought leadership discussions are part of the CAE OneWorld content:

- Leveraging Disruptive Capabilities Through Digital Immersion – a live panel discussion with CAE leaders
- Digital Technologies and How They Contribute to the Science of Learning
- CAE Trax Academy Pilot Training Continuum
- Panel of Women in Defence

CAE OneWorld will also feature the CAE Healthcare zone where a range of simulation-based solutions designed to enhance patient safety will be demonstrated.

“The impacts of COVID-19 have had far-reaching effects on the healthcare market, including the training of healthcare professionals,” said Heidi Wood, President of CAE Healthcare and Executive Vice President, Business Development & Growth Initiatives for CAE. “We are excited to demonstrate some of the new virtual and distance learning platforms that support the delivery of essential training anywhere and anytime.”

The CAE OneWorld 2021 virtual conference and tradeshow will include demonstrations on a range of products and capabilities, including:

- CAE MAVRC (Mission Augmented Virtual Reality/Rear Crew) trainer
- CAE Medallion MR e-Series visual system
